The Relais del Duomo hotel is located on the first floor of a storic palace built in 1700. The building is located in a strategic position: by Piazza del Duomo, only five minutes walk to the structure, while all around there are the major museums and monuments, Galleria degli Uffizi, Ponte Vecchio, Palazzo Pitti. The Rooms

The four rooms are two doubles and two singles, in a very quiet environment, they were recently restructured just like the furnishing is completely renewed, while respecting the classic and sober taste of Florence storic center's palaces.

The bathrooms, brand new as well, are found inside the rooms, and they have every comfort; they are provided with air conditioning, bar fridge, TV and safe. Breakfast will be served inside the structure.
